Imagine Learning

Imagine Learning harnesses the power of technology to teach language and literacy to students around the world through engaging, interactive instruction.

Braddock ES 1st and 2nd graders have a great opportunity to strengthen their reading and math skills this summer.

1st and 2nd grade students!!!
Please come join us for math and reading learning adventures in the Braddock ES Learning Lab
Dates - July 11- July 29
(8:30 - 11:30)

Students will work with teachers to use the Imagine Learning and Dreambox software to help improve their reading and math skills.

DreamBox

DreamBox uses adaptive technology to teach math skills to students. Students who use the program become better at looking at math in new ways thus becoming better thinkers.

For more information Please contact Ms. Bernabela (skbernabela@fcps.edu) or Mrs. Vela (avela@fcps.edu) if you have any further questions.
