BUS TRANSPORTATION INFORMATION:

- Bus transportation will be provided for Fort Belvoir Elementary students living outside of a one mile radius of the school.
- Student pick-up time is provided for the first stop of each run. It is important that you remember the run number (i.e. FB-2). The run number will be posted in the bus window. This is not the actual bus number, which is indicated in black print on the side of the bus. You should arrive at your bus stop ten minutes before the bus is scheduled to pick your student up/ drop your student off as times may vary slightly from day-to-day. KINDERGARTEN STUDENTS MUST BE MET.
- We encourage you to have your child follow his/her normal transportation plan starting on the first day of school. In addition, student transportation methods should be kept as consistent as possible. Many transportation mishaps occur because children are confused. A consistent plan every day, even the first day of school is important.
- Each day a student has a change in transportation method, a written note from the parent/ guardian is required to be sent to school.
- Permanent changes in transportation requests require a new Transportation Form be completed.
