George C. Marshall's Award Winning Theatre Department closes its 2015-2016 Season with the musical Loserville! (music and lyrics by James Bourne and Elliot Davis); This show was a hit on London’s West End and has only been produced a few times in the USA.

THE GEEK SHALL INHERIT THE EARTH

It's 1971. Misfit computer geek Michael Dork and his friends are about to change the world. It's just that no one knows it yet. Michael's also discovered a girl, Holly, a prospect (almost) as exciting as his love of binary. If only he had the courage to talk to her!

You would never expect that the geeks would have inherited the world - but they did! Featuring an electric pop-rock score and a hysterical book, YOU will rock out in a high-octane, no-holds-barred feel-great musical.
