Seminar
Thomas Jefferson High School for Science and Technology (TJHSST) students demonstrate a high ability, aptitude, and interest in math, science, and technology. Students enrolled in this seminar will focus on admissions test-related mathematical and verbal reasoning, essay writing, and study strategies. Students practice skills through group work, interactive instruction, and participation in web casts. Classes are taught by endorsed teachers familiar with the competitive admissions process.

These classes are open to students who will enter grade 8 in the 2012-2013 school year. Textbooks and workbooks are provided. Transportation is the responsibility of the parent/guardian. Bring a snack for 30-minute break period. Participation in this course does not constitute application, admission, or acceptance to TJHSST.
