Dear Parents,

Robinson has set parameters for phones and electronic devices use at school based upon the revised SR&R policy.

Please discuss the following with your children in preparation for the 2014-15 school year:

- Students should turn off and stow away phones/electronic devices before entering the classroom.
- Teachers have the discretion to incorporate the use of electronic devices into instructional routines and will direct students when they will be used in class.
- Teachers will write disciplinary referrals for non-compliance, so please discuss appropriate use with your child.
- Please discuss the safe-keeping of phones/devices and the possibility theft with your students.
- At the beginning of the school year, administrators and teachers will be reviewing the SR&R and the school's color coded levels of acceptable use for personal devices that will be posted throughout the school.
- Students will not be allowed to accept or make phone calls from their cell phones during the school day. Parents should contact the sub-school office if it is necessary to speak with your child.
- Please support our efforts by not calling or texting your child during the school day.

Respectfully,

The BYOD Focus Group
