TODAY is Thursday, the 17th of March and it is Math Honors Society Week!

Today is A Gold day!

I AM ____________________ AND I AM _______________________

Please stand for the Pledge

As we begin another school day, let us pause for a moment of silence.
Thank you _Ms. Halgas__ for today’s Moment of Silence picture.

Thank you for participating in our pi day activities. Congratulations to our winners from Pi Recitation day. Connor Dunphy with 18 digits, Peter Cho with 196 digits, and Silas Mathew with 214 digits of pi. Come to C111 to claim your prize!

Today you can try to guess the mathematician based on some historical facts. You can win a chocolatey, rectangular prism.

On Friday, you can try to guess the number of skittles. Hint: It’s more than 3.14159 skittles, and less than 1 million.

The Armed Services Vocational Aptitude Battery (ASVAB) will be given here at Robinson on April 1st. Whether you’re planning on college, a technical school, or you’re just not sure yet, the ASVAB Career Exploration Program can provide you with important information about your skills, abilities and interests – and help put you on the right course for a satisfying career.

The ASVAB is open to 10th, 11th, and 12th grade students. Space is limited.

MIDDLE SCHOOL ANNOUNCEMENTS

The Ram Zone is the place for you on Tuesdays after school. Plan to meet in the Blue Cafeteria immediately after school and enjoy a snack as we discuss and make plans for upcoming activities. This is not a late bus day so you will need to make arrangements for parent pick-up at 4:30 unless you are a walker. If you have any questions, please see Ms. Malloy in Sub School 7.

Middle school soccer will meet every Monday and Thursday. This program is sponsored by the high school coaches and players and all students are welcome. Cleats and shin guards are optional, but remember to change into your PE uniform and meet in the gym by 3pm.

Middle schoolers: Do you love playing games? Do you want to hang out with friends after school? Do you want to make some new friends? If you answered YES to any of these questions, please come to the Games Club each Monday in room A203, or Thursdays, in A123. You can bring your own game, or we have MANY games, puzzles, legos, and more available for you! Drinks and snacks provided, of course!
