Welcome to Kindergarten!

Here's what's happening this month:

Welcome to our homepage! Please be sure to check back each month to see what's happening in kindergarten.

We are focusing on good citizenship to start the year. This involves taking turns, sharing, taking care of one’s own things and respecting the belongings of others. We will learn about rules to stay safe in school and on the bus.

In Language Arts we listen to stories and choral read “Brown Bear, Brown Bear” to build phonological awareness and understand how print is organized. We will begin our study of letters and letter sounds while participating in a variety of literacy activities.

In Math we will sort and classify concrete objects according to attributes. We will practice counting and explore place value during our daily calendar instruction.

In Science the students will learn about their five senses, shapes and colors, and how things change over time.

Reminders

Upcoming Events:
Sept. 3: Open House-1:00-2:30
Sept. 8: School begins
Sept. 17: K-3 Back to School Night—two sessions offered: 6:00-6:45 and 7:00-7:45

*Please contact your child’s teacher with any questions or concerns you may have throughout the year.
