Welcome to Kindergarten!

Here’s what’s happening this month:

We want to thank you for the support you’ve given us the first two months of school and for attending Parent Teacher Conferences. We look forward to working together throughout the year to support your child’s growth.

In Language Arts the letters we are working on this month include D, G, Q, H, N, M & P.

We continue to focus on developing writing skills in Writers Workshop.

DRAWA2 testing is in progress and results will be sent home midway through November.

In Math the students will explore number relationships by counting, writing and representing numbers.

In Science we will study the life cycle of squirrels and notice seasonal changes.

Our Social Studies unit will focus on the first Thanksgiving. The children will learn how people of the past, Pilgrims and Native Americans, have influenced the present. We will also explore reasons to be thankful.

Reminders

Upcoming Events:

Nov. 2 & 3: Teacher Workdays- no school
Nov. 4: “First Kids

For a Day” program Nov.18-20: Thanksgiving Luncheons (teachers will notify you the exact day and time)
