2015-2016
Permission to Ride Bicycle
Grades 3-6

Students in grades three through six are eligible to ride bikes to and from school.

To help students understand the importance of being safe on a bicycle, parents are urged to discuss and enforce the following bicycle safety rules.

1. Obey the police crossing guard and safety patrols at Greeley and Deland.
2. If riding a bicycle in the street, you must be near the curb and ride with the flow of traffic. You must also obey all automobile traffic rules, including signaling for turns and stopping at intersections.
3. If riding on a sidewalk, bicyclists must always yield the right of way to pedestrians and give an audible signal before passing a pedestrian.
4. Walk bicycles at all times when on the school grounds.
5. Wear a bicycle helmet.
6. Bicycles must be parked on the bicycle rack using a lock.
7. Very important: Parents, please give serious thought to your child’s judgment and skill with a bicycle before giving him/her approval to ride it to school.

I give my child, ____________________________ permission to ride a bicycle to and from West Springfield Elementary School throughout the school year 2015-2016. My child is in the _____ grade.
