Dear Parents,

We had a wonderful first month of school! Our kindergarten parents enjoyed their Boo Hoo Breakfast, students brought their best smiles for our Fall Picture day, and we’ve had our weekly fire drills along with a lock down and bus evacuation drill. All of our students executed each task above and beyond expectations. Way to go Crocs!

Thank you for joining us at our Back to School Nights. It was a great opportunity for us to reconnect with seasoned families and to build relationships with our new families. You can find all staff members’ email addresses on the Island Creek website should you need to contact them during the school year.

The month of October has numerous events and activities planned. Please refer to our calendar page. I do want to point out a couple of dates: Monday, October 13th is a holiday there will be no school and Friday, Oct 31st is a two hour early dismissal day.

We look forward to another successful month.

Michael G. Macrina
Principal

Dear Island Creek Families,

Last year our students checked out more than 40,000 books from the library. One of my goals is to teach students how to choose just-right books. Sometimes a student may pick a book that is too easy, or perhaps, too challenging because they are following their interests. I encourage you to share with your child the kinds of books you would like them to check out.

Happy Reading!

Mrs. Woodall

Effective July 1, 2014, all students in Virginia must receive a booster dose of Tdap vaccine prior to entering sixth grade.

- If your child is 11 years old, he or she must get the Tdap immunization and provide documentation to the school.
- If your child is still 10 years old, he or she may receive the Tdap vaccine, Boostrix, which is approved for 10 years old, or you may wait until the 11th birthday to receive the vaccine approved for 11-year-olds.
- If your child’s 11th birthday is after the first day of school, your child must have a medical exemption from the doctor stating when he or she will receive the Tdap immunization in order to attend school.

Please check your child’s immunization records carefully. If your child is required to have a Tdap booster, we ask that your child receive it and that you provide documentation to the school as soon as possible. This documentation can be a copy of your child’s immunization record, or a note from your physician listing the date of his or her most recent Tdap booster shot.

The Tdap booster can be obtained from your child’s physician. Immunizations required for school are also available at the Fairfax County Health Department at no charge. Clinic locations and walk-in hours are listed on the back of this letter and are available online at http://www.fairfaxcounty.gov/hd/hdclinicsite.htm. Students receiving immunizations at the Health Department must be accompanied by an adult, and students should bring their immunization records to the Health Department clinic with them.

It is most important that you attend to this matter soon. **Sixth graders cannot begin school in the fall without documentation of having had the Tdap booster.**

Please, plan ahead to attend to this matter at your earliest convenience. When the 2014 school year begins, sixth graders for whom the office has no documentation of the Tdap shot will not be assigned to a teacher.

Please contact Sandy Campbell, the school public health nurse if you have any questions. She can be reached at 703-704-6671 or by email at sandra.campbell@fairfaxcounty.gov.
