Math Bootcamp Signups
Now open for students taking Algebra 1, Geometry or Algebra 2 next year!
August 15 - 19, 2016

West Springfield High School’s Math Department would like to formally invite your student to register for and attend one of our Math Boot Camps this summer. These week-long, three-hour sessions (August 15 - 19, 2016) will help students refine fundamental prerequisite math skills needed to be successful in the math course in which they are enrolled for the upcoming school year. As you know, high-school mathematics courses are extremely challenging, and our Math Boot Camp will help alleviate some of the pressures these difficult courses may create.

We will have two different sessions from which your student can select. Is your student participating in fall sports? No need to fret; our sessions are AM or PM and can be pieced together to create a schedule that is advantageous to your student and does not sacrifice his or her practice time.

The cost of the camp is $70.00. Registration ends on June 23. There will be scholarship opportunities for students who demonstrate financial need. In order to register, you will need to complete the form below and mail in a check (payable to WSHS) as well as an emergency care card to: WSHS Math Boot Camp, 6100 Rolling Road, Springfield, VA 22152. Checks and emergency care cards can also be turned into the main office.
