National Honor Society Member Agreement

My signature below:

- Indicates that I have read the National Honor Society’s Bylaws,
- Gives the adviser(s) permission to view the member’s academic and disciplinary records (in order to verify that the member continues to meet the membership requirements) and
- Indicates that I understand that in order for the member to maintain membership in the National Honor Society (NHS), the member:
  - **Must** pay the annual dues by the stated due date.
  - Must earn a minimum of ten (10) service points per semester, five (5) of which must be from participation in community service that is arranged by the Chapter.
    - If the NHS member is a member of the junior class, the member/guardian understands that the member will be placed on Probation if the member does not earn the required service points by the end of the spring semester. The member and guardian understand that if the member is placed on Probation for this reason, the member has until September 30 of their senior year to earn the required service and penalty points. The member and guardian understand that if the member does not submit the required service documentation by October 1st of the member’s senior year the Faculty Council will be convened to discuss the dismissal of the member.
  - **Submit** a Service Documentation Form no later than the last day of the month in which the service was provided. If the service is provided on the last day of the month I realize that the member must submit the Service Documentation Form no later than the 7th of the following month. Furthermore, I understand that if the member fails to submit this form the service that was provided may not be counted towards the member’s service requirement.
  - **Must** complete the service requirement before June 1st of the member’s senior year and that the member must submit the Service Documentation Forms no later than June 7th in order to be eligible to wear NHS regalia at graduation.
  - **Must** attend the monthly membership meetings. I realize that if the member is unable to attend a meeting that the member must notify the adviser(s) in writing prior to the meeting. I understand that if the member misses two or more meetings that the member will be placed on probation and that member’s membership could be revoked.
  - **Will** be placed on Probation if the member does not maintain the cumulative GPA requirement. I realize that if the member is placed on academic Probation, that the member will have one semester in which to raise his/her cumulative GPA to the requirement. Furthermore, I understand that if the member fails to fulfill this requirement by the end of the probationary semester, that a hearing will be conducted to discuss the member’s dismissal from the NHS.
  - **Must** by the end of the member’s fall semester of their senior year:
    - have completed the fall semester service requirement;
    - meet or exceed the cumulative GPA requirement, and
    - meet or exceed any other NHS membership standard.
  - If the member fails to meet the above, I understand that the Faculty Council will conduct a hearing to discuss the member’s dismissal from the NHS.

- **Must** act honorably in and out of school. I realize that if the member acts dishonorably that the Faculty Council will be convened to discuss the member’s dismissal from the NHS.
